## Three Homes for Sale With Lavish Bathroom Vanities

Properties in New York, California and Texas that have high-end bathroom fixtures and conveniences

PHOTO: HILTON & HYLAND

**\$10.525 Million**

Manhattan

Three bedrooms, three bathrooms, 3,139 square feet

Thierry Despont designed the interiors of 53W53, a condo tower in Midtown, including dual floating vanities in the master baths. In about two-thirds of the 145 units, the height of the vanities is adjustable at the push of a button. The pieces, carved from single blocks of limestone, have mirrored cabinets of polished nickel.
